NUMBER 216.

MINERS REMAIN QUIET

But Little Change in the Strike Situation.

STRIKERS CLAIM NEW ACCESSIONS

No Work Being Done at Oak Hill or Sandy Creek Mines—Strike Leaders on Trial. Camp Reduced—Financial Assistance Asked—The Miners Are Still Confident of Winning.

PITTSBURG, Aug. 5.—The miners' strike situation has not changed materially. Everything about the Turtle Creek camp is quiet, the only ripple of excitement being the hearing of President Dolan and other officials of the miners for riot and unlawful assemblage. The strikers claim 20 new accessions to their ranks from the Plum Creek mines. A careful estimate of the men now at work in that mine shows 215 out of the usual total of 285. No work is being done at the Oak Hill or Sandy Creek mines.

The camp was reduced in numbers yesterday by 300 men. They were sent to their homes for two reasons—to lessen expenses, and because these men were not inclined to respond to the numerous marching orders imposed on them. The camp has been costing \$300 a day to keep it in provisions, etc., being at the rate of 7 cents per man per day, as against 19 cents per day in the national guard encampments. The camp is now under strict military discipline, and everything is moving like clockwork. The customary march to Plum Creek will be continued daily, the miners' officials say, until the suspension in the Dearbit mines is complete.

At the hearing in the case of President Dolan and others for riot and unlawful assemblage, yesterday afternoon before Justice Slemmons, a number of witnesses were heard, but the justice reserved his decision.

The hearing of the four miners arrested last week at the McGovern mines, near Canonsburg, for trespass, was concluded yesterday afternoon. No evidence connecting the defendants directly with the song, "We'll hang black sheep to a sour apple tree," or with the use of opprobrious epithets was produced. None of the defendants appeared at the hearing, and they were held in contempt. Attachments were issued for their arrest.

Organizer Cameron Miller is arranging for a meeting of business men and miners to take place at Roscoe, in the fourth pool. He expects that about 1,800 men will be in attendance, coming from all the mines in the fourth pool from Dunlevy to California. The meeting will be addressed by President Patrick Dolan and Mr. Miller.

Arrangements have been completed for the open air demonstration under the auspices of the United Labor League of Western Pennsylvania this evening on the Duquesne wharf in the interest of the striking miners. The leaders expect 20,000 people to attend. They are urging everybody to attend to show by their presence that they favor free speech and the right of peaceable assemblage. The strikers will talk from a wagon.

The meeting will be addressed by Eugene V. Debs, Mrs. Mary Jones of Chicago, M. M. Garland, president, and W. A. Carney, vice president of the Amalgamated association; United Mine Workers Organizer Cameron Miller, M. P. Carrick, national president of the painters and decorators' union, and M. J. Connahan, national secretary of the plumbers' union.

After the addresses an appeal will be made to the audience for financial assistance for the striking miners, and the leaders expect that the results will show that the purpose is in hearty sympathy with the miners in their struggle for living wages.

The miners claim that if they can only get a little more financial assistance they will easily win the strike, and are straining every nerve to accomplish their end.

The miners at the Schmock mines, on the Redstone branch of the Pennsylvania railroad, came out again yesterday and the mines are closed down. This interference caused the price of coal to jump from 75 cents to \$1 a ton, and brokers say there will probably be another advance to \$1.50 per ton before the end of next week.

Eight hundred workmen, headed by a band, marched through the streets of Turtle Creek last night. The strikers had gone to meet them, and about 1,200 men were in line. Rev. William Hall of the M. E. church, Wilmerding, addressed a meeting after the parade. He complimented the miners on their manly fight and the peaceable manner in which it was being conducted. At the close of his address he handed the miners a bag containing \$263, a contribution from the citizens of Wilmerding.

J. B. Corey, a prominent coal operator, has sent a letter to Governor Hastings, calling attention to the open defiance of the sheriff's proclamation, and the sheriff's failure to enforce the proclamation, and asks him to order out a sufficient force of the national guard, whom Mr. Corey says are playing soldiers to disperse the strikers.

A CLASH IN KANSAS.

On Insurance Law Between Federal and State Authorities.

TOPEKA, Aug. 5.—The federal authorities and the state of Kansas will probably clash. Last week Federal Judge Williams from Arkansas held court at Manitou, Colo., and issued a sweeping injunction on behalf of the Mutual Life Insurance company of New York, restraining Insurance Superintendent McCall from enforcing the state laws regulating insurance companies and also

enjoining Attorney General Byer or any other lawyer on behalf of the state from bringing any civil or criminal suit against the company.

It is this order that Governor Leedy and the state administration propose to contest.

NICOLA TESLA'S LATEST.

Messages to All Parts of the Earth Without Any Wire Connection.

NEW YORK, Aug. 5.—The Journal and Advertiser says: Nicola Tesla has just announced the completion of his latest discovery—the simultaneous transmission of messages by means of the earth's electrical currents to as many scattered points on the surface of the globe as may be desired. This he regards as by far his greatest achievement. He will follow his usual custom and lay his information before the world of science in his own words and accompanied by his own computations and conclusions.

To a few intimates he gave a thrilling demonstration of the operation of his device for arresting and subjecting to control under natural laws the electrical substances in and about the earth. His latest invention, device or discovery is to produce such a disturbance of the electricity of the earth which can be felt and noted simultaneously at all parts of the globe.

Tesla had his rooms in the laboratory on Houston street darkened. From the room adjoining the one in which he and his visitors stood a current was turned on invisibly. A huge black disc hung on a frame about eight feet in diameter, from the center of which protruded a brass electrode seven inches in diameter. As the group gazed at this the apartment was filled with a crackling sound, which increased till it sounded like the rattle of musketry. Bright flames shot from the electrode, not from pole to pole, as in ordinary demonstrations.

Like fiery serpents the wavy coils of flame darted in graceful lines around the disc. The longest sparks were fully eight feet from the point where they burst into dazzling brilliancy to the vanishing point. The electrical sparks were undoubtedly the longest flashes of light ever produced by similar means. It seemed like a terrific lightning display, with the snapping, crackling sound displacing the reverberation of heaven's artillery, and all remarked the weird and awing effect of the exhibition.

"What are you doing?" was asked Tesla.

"I am producing," said he, "an electrical disturbance of intense magnitude, which is continuing throughout the entire earth. In other words, I am producing a disturbance of the earth's charge of electricity which can be felt to the uttermost parts of the earth."

"And the result will be?"

"Ah," said Tesla, "that is almost incomprehensible. This electrical disturbance by means of certain simple instruments can be felt and appreciated at any point of the globe. In this way messages can be sent the entire earth around and be taken up at any part of the earth without the aid or intervention of wires in any way at all."

OWNERSHIP OF KLONDYKE.

In This Case Great Britain's Claim Said to Be a Just One.

WASHINGTON, Aug. 5.—Incited by the newspaper publications recently tending to throw doubt upon the ownership of the Klondyke gold fields some of the high government officials who would naturally be expected to deal with the question if it comes to a practical issue have been quietly looking into the matter with a view to preparing themselves for any controversy that may arise. They say there can be no valid objection advanced to the title of Great Britain to this territory.

A careful examination of all the reliable charts and maps made far enough back in date to be free from suspicion of influence of the recent heavy gold finds has convinced these officials that so far as the Klondyke fields, as defined by the latest reports, are concerned there can be no question that they lie east of the 141st meridian, which defines the boundary line, and so are within the British territory by about 35 miles at least.

As for the meridian itself, it is said that it has been so closely located by the surveys of the Canadians and our own coast survey that there is not at any point a difference of more than 700 feet in the claimed boundary, which, of course, would not substantially affect any controversy that might grow out of the title.

WOMEN DRAW THE COLOR LINE.

Strike of Two Hundred Because Colored Women Are Employed.

ATLANTA, Aug. 5.—Two hundred women and girls employed at the Fulton bag and cotton mills in this city have struck because of the employment of negro help by the management. The operatives learned that 25 colored women were to be put to work in the folding department. The white females employed in the mills gathered about the main entrance and awaited the arrival of the president, Mr. Jacob Elsas.

The newly employed negro women were already there. When Mr. Elsas came the white women explained that they wanted to know whether it was true that he proposed to put negroes to work with them. He said that he did and the white women refused to go to work.

RAVENNA, O., Aug. 5.—C. O. Baker, who had been out of work a long time, on Monday entered the employ of the John F. Byers Machine company. Yesterday afternoon, while at work, he mangled his right hand, necessitating the amputation of a thumb and two fingers. He is 68 years of age.

BATTLE NEAR HAVANA

Insurgents Dynamite a Culvert and Stop Traffic.

ESPERANZA TAKEN BY PATRIOTS.

Stores Looted, the Invaders Providing Themselves With Food, Clothing and Cash—Insurgents Open Fire on Fortified Posts—Numerous Trifling Skirmishes Have Occurred Recently.

HAVANA, via Key West, Aug. 5.—The insurgents dynamited the culvert near Esperanza railroad station of the city of Santa Clara on the night of July 29. The culvert was completely destroyed, traffic being stopped and all telegraphic communication being cut off. The authorities signalled by helicopter to Cienfuegos for relief. The next night, while local volunteer forces were patrolling the town they suddenly came upon a group of insurgents in the center of one of the principal streets. The challenge was given, and the insurgents replied with "Viva Cuba Libre," and opened fire.

The authorities are entirely at a loss to know how the insurgents entered the town and succeeded in getting by the fort garrisoned by the Third regiment of local guerrillas, which was at the extreme end of the street.

As soon as the insurgents were discovered a great panic ensued among the residents, women, children and the aged fleeing pell-mell through the streets and begging for protection, while the men either took sides with the insurgents or joined the Spanish forces. The stores were looted, the invaders providing themselves with food, clothing and cash. The military commander ordered the garrison to help the patrolmen and attack the insurgents who were entrenched in Broadway. The latter were finally repulsed, the regular troops losing one killed and 12 wounded, among the latter a lieutenant and a captain. The insurgents left four killed and took away about 20 wounded.

The general belief is that some of the inhabitants helped the insurgents to enter the town. Ten of the troops who were garrisoning the fort at the entrance have been arrested for criminal negligence. General Pratros, obeying the instructions of Captain General Weyler, ordered that all the stores and dwellings on the streets through which the insurgents entered should be closed. This order was carried out by a major and the police.

At 9 o'clock p. m. on Monday the insurgents opened fire on the fort guarding the entrance to Santiago de Las Vegas, Havana. The firing continued for an hour, but without special consequences beyond the alarm produced among the residents.

Artemisa, on Captain General Weyler's western trocha, was fired upon by a small band of insurgents on July 22, but without result.

The insurgents dynamited the culvert near Vega Alta. Numerous trifling skirmishes near Camaguey show that part of the insurgent forces are in that locality. Headed by General Calixto Garcia, they have marched there to take part in the presidential election.

It is reported that in a fight at Rio Amoro, Sagua, Andrade and other well known Havana men, formerly with General Maximo Gomez, were killed.

Death Sentence Not Yet Pronounced.

WASHINGTON, Aug. 5.—Further advice to the state department from Consul General Lee at Havana, respecting the case of the American citizen Manuel Fernandez Chacuello, are to the effect that he has not been sentenced to death, on the charge of being found with arms in his hand. His case will be referred to the supreme court of law and marine at Madrid, in order that it may pronounce executive sentence.

SENATOR CULLOM IN POOR HEALTH.

His Trouble More Serious Than Generally Supposed.

NEW YORK, Aug. 5.—Senator Shelby M. Cullom of Illinois, his wife and their daughter, Mrs. William Ridgely, wife of Mr. William Barrett Ridgely, are passengers on the steamship St. Paul, which left here for Southampton yesterday.

Although he has endeavored to keep his ailment from public observation the senior senator from Illinois is a very sick man and his condition of late has been such as to give serious alarm to his family and his immediate circle of friends. The trouble is mainly with the stomach. He was recently confined to his bed for over a week and was unable to deliver an oration at the dedication of the Logan monument in Chicago. The party will spend a month or more at Carlsbad and afterward visit London, Brussels, Paris and Vienna.

Senator Cullom is a member of the subcommittee of the senate committee on foreign relations appointed to investigate the Clayton-Bulwer treaty and report whether it is advisable for the senate to abrogate that treaty. While in London, if his health permits, he will give considerable study to this question.

POISONED BY ICECREAM.

Five Persons Taken Violently Ill but All Will Recover.

GREENCASTLE, Ind., Aug. 5.—The family of Mrs. Margaret Beck, including Mr. and Mrs. Harry Maxwell and Mr. and Mrs. John Crose, were poisoned by eating icecream. They purchased a half-gallon of the cream and all ate some of it. In a few hours five out of the seven persons were violently ill.

Mrs. Maxwell was thought to be at death's door several times, but heroic

treatment saved her life. Mr. Maxwell, who was also violently ill, is a well known evangelistic singer, assisted in his work by Mrs. Maxwell. The family is now thought to be out of danger.

Tossed Down an Embankment.

LIBERTY, Ind., Aug. 5.—Samuel Ballinger and wife, while driving to their farm near this place, were thrown from their buggy down an embankment, their horse being frightened by a bicycle. Mr. Ballinger was badly, though not seriously, injured. Mrs. Ballinger is in a dangerous condition.

HURRY CALL ON PERU.

She's Got to Pay the McCord Claim and Pay at Once.

NEW YORK, Aug. 5.—A special to The Herald from Washington says: An ultimatum has been presented to the Peruvian government by the administration requiring the immediate payment of the McCord claim of \$50,000. While no threat of coercion is made in case of refusal, the note makes the positive statement that any further delay on the part of Peru to close the incident will be considered as injurious to the cordial relations existing between the two governments.

The Peruvian minister has cabled the note to Lima and is now awaiting instructions from his government. It is expected that the Peruvian government will try to obtain further consideration of the case, but such an attempt will not meet with success. The state department has informed Peru that her liability is unquestioned except by herself, and that this government will not consent to a further discussion of the matter.

The McCord claim against Peru has been standing for nearly 12 years. McCord is an American railroad engineer and superintendent from Pennsylvania, still living in Peru. During one of the periodic revolutions in that country he was imprisoned by the revolutionists, brought before a file of soldiers to be shot, and his execution was only prevented by the action of the foreign consuls in raising a subscription to pay a fine of 10,000 soles, arbitrarily imposed upon McCord.

ONE MORE CROSSING TRAGEDY.

Two Children Hurled into a River and Six Persons Injured.

MIDDLETOWN, N. Y., Aug. 5.—Two children killed and six persons injured, several probably fatally, is the record of an accident which occurred on the New York, Ontario and Western railroad just north of Rockland, Sullivan county. A combined observation car and locomotive, bearing E. Canfield, the general superintendent, and Charles H. Hopkins, the superintendent of the southern division of the road, struck a wagon containing John Maulick and his wife and six children.

The accident occurred at the Hollywood highway crossing. Wagon and occupants were hurled 40 feet down an embankment into the rocky bed of the Willowemoc river. One of the children was instantly killed, another died soon after the accident, and other members of the family are not expected to survive.

WORK FOR WAR VESSELS.

The Oregon Ready and the Monadnock Getting Ready for Sea.

SAN FRANCISCO, Aug. 5.—For some days past the battleship Oregon has been under steam, waiting for orders to sail.

The Monadnock is ready to put to sea on quick notice.

At Mare Island the Charleston is being put in readiness for immediate service. Her decks were torn up and guns removed, but now a large force of mechanics are rushing the repairs on her under instructions from the naval department to prepare for sea with all possible speed.

The Wheeling, a revenue cutter at Mare island, is being fitted out and coaled for a trip to Alaska, where she will be stationed.

The Baltimore is the only modern warship in the bay, and she is lying at Mare island out of commission.

Jealousy Causes a Tragedy.

NEW YORK, Aug. 5.—"This door not to be opened except by the coroner."

Such was the wording of a note pinned on the door of a room in the New York Music conservatory building, occupied by Mary Jaeger, wife of a local music teacher. Within the room was the body of Mrs. Jaeger, carefully arrayed in white. The woman visited Coroner Hoebner Tuesday night, told him she would have a case to report to him by 10 o'clock Wednesday, returned to her room, dressed herself in her best, pinned up the note above given, closed all the air-giving apertures, turned on the gas, sat down at a table and died. Jealousy was the cause of the tragedy.

Comanche Chief Not Killed.

KANSAS CITY, Aug. 5.—A dispatch received here from Fort Sill, I. T., denies positively the story of the killing of Chief Quanah Parker by a gang of lawless whites who raided the reservation, which act is said to have aroused the war spirit among the Kiowas and Comanches. Fort Sill reports that Chief Parker was one with several Indians who had trouble with outlaws, and adds that the reported killing originated in the fact that Running Antelope, a Comanche, was thrown from his horse and hurt in the scrimmage.

Elopers' Long Drive.

CLARKSVILLE, Tenn., Aug. 5.—William Phelps, aged 20, and Irie Holt, 16, elopers, drove 80 miles in a buggy from Lyon county, Ky., and were married here. They returned home overland.

MURDER WILL OUT.

A Sensational Crime About to Be Revived.

THE MYSTERY MAY BE CLEARED.

Party That Killed Mrs. Ollie Peany May Soon Be Under Arrest—More Delaware Young Men Disappear—Pot of Gold Found—Small Boy Bitten by a Snake. Other Ohio State News.

BOWLING GREEN, O., Aug. 4.—A well-founded rumor is that there will be startling developments before long in the famous Peany murder case at Tontogany that may lead to the conviction of the person who shot Mrs. Ollie Peany down in cold blood on the rear steps of Dr. Eddmon's office on the night of March 1, 1895.

A Toledo detective has been working on the case ever since Dr. Eddmon was tried and acquitted of the terrible crime, and while the information has not been given out as to what the evidence consists, it is a matter of fact that it will not implicate any one heretofore suspected of the crime, but one who made great efforts to convict the doctor.

DELAWARE'S ROLL OF MISSING.

Two More Added to the Already Long List of Absent Ones.

DELAWARE, O., Aug. 5.—Arthur Edmonston and Ernest Lumbert, two well known and highly respected young men of this city, are missing from their homes, and have not been seen or heard of since last Friday. They held positions of trust in this city, and their continued absence has greatly concerned both employers and relatives.

The list of "missing" from this city is: Professor Charles E. Copeland, three years high school teacher; P. Manley Buck, son of Rev. Buck and a graduate from the Ohio Wesleyan university, and the two above mentioned.

Pot of Gold Found.

UPPER SANDUSKY, O., Aug. 5.—Mr. Ott, a farm tenant of Mr. Hales', near here, found a new made grave in his grove. He had it dug open and at the bottom found that a large kettle had been removed, for the imprint was plain and distinct in the solid ground. Who got the wealth, for it was supposed to be a pot of gold buried there by a miser years ago, is a mystery.

Whisky Given Too Late.

CHICAGO JUNCTION, O., Aug. 5.—While blackberrying a few days ago the 8-year-old son of Ed Rang was bitten on the leg by a rattlesnake. It was three hours before an antidote was given and the poison had so affected him he could not hold whisky on his stomach. His entire limb has turned spotted. There is no hope for his recovery.

Bicycle Coaster Hurt.

GEORGETOWN, O., Aug. 5.—George Bancroft met with a peculiar accident yesterday. While coasting he struck a rock and was thrown violently to the pike, breaking his left arm in two places. A revolver he carried in his hip pocket was discharged and the bullet, a .38-caliber, took effect in his right knee, and will probably render him a cripple for life.

Damage Done by a Mad Dog.

SURREYVILLE, O., Aug. 5.—A mad dog three miles east of here attacked between 20 and 30 horses and cattle before it was killed by Frank Preston, who also was attacked and bitten by the animal. The authorities have ordered all the dogs in the neighborhood killed, and the stock that was bitten will also be killed.

Tipped the Boat Over.

RAVENNA, O., Aug. 5.—Thomas L. Douthitt and I. T. Siddall, and son Kingston, were fishing in Sandy lake. Douthitt fell out, tipping the boat over. Siddall got in all right with his boy, but Douthitt could not swim. He kept his nerve and reached shore, 150 feet distant.

Charged With Horse Stealing.

DEFIANCE, O., Aug. 5.—Frank Graves, a notorious character about town, is in jail at Mark Ceyton, this county, on a charge of stealing a horse from Shelby Brothers' stock farm at Holgate. He was driving the stolen horse when arrested.

Mown to Atoms.

MARIETTA, O., Aug. 5.—W. A. McCleery, oil well shooter for A. L. Johnson, with horses and wagon, was blown up last evening at the Ogden field. They found only his shoe and a portion of his clothing. He leaves a widow and four children.

Suicided in a Park.

ZANESVILLE, O., Aug. 5.—In McIntyre park Charles Sunkel shot himself in the forehead yesterday, dying instantly. Despondency, caused by sickness and a desire not to be a burden to his parents, was the cause.

Body Found in the River.

ASHTABULA, O., Aug. 5.—The body of Frank Alfred, the 8-year-old son of Mr. and Mrs. W. R. Alfred, of this city, who was missed from home Monday evening, was found in the river yesterday.

Boy Killed by a Train.

KENTON, O., Aug. 5.—Claude Riskin, 17 years old, was struck by a C. & E. passenger train yesterday.

Sixth District—Wm. Tuggle.

Seventh District—

Eighth District—

INDICATIONS.—Showers on Thursday morning; probably fair in the afternoon; light to fresh variable winds, becoming northerly.

The Chicago Tribune, a McKinley organ last fall, makes a strong shot at the new tariff bill. It says: "Whatever Mr. Armour's contribution was to the campaign last fall, he has it back in the Dingley bill; how many fold he alone will be able to say."

According to the Public Ledger's figures, the Republican majority in this judicial district was 1,419 in 1893 and only 616 in 1896. This shows a big drop, and at the approaching election the majority will be on the Democratic side. The Republicans had the "sound money" Democrats to help them out last year, otherwise their majority would very likely have disappeared at that time.

In an editorial comment on the new tariff Harpers Weekly asserts that the adoption of the sugar schedule increased the value of sugar trust stock \$13,000,000. It says further that: "For three years the sugar trust has legislated for itself, and has been able to tax the country for its own benefit, its agents in Congress being restrained only by fears of their constituents. What the sugar trust has done in a large way has been done in a smaller way by other beneficiaries of this tariff bill. The public interests have not been consulted by the public's representatives. Every tax imposed by this bill is in aid of a private enterprise, and the rate in nearly every case has been dictated by the beneficiary. The price of nearly every article in common use is increased by the act, except the products of the farmer, who cannot be benefited by a tariff tax. But the old ruse on the farmer has been again attempted, and while the government permits him to be despoiled by the manufacturers of cotton ties, cotton bagging, and every other article that he must use, it offers him the worthless gift of a tax on the products he sells to England. The pretence has been that this log-rolling scheme of public plunder has had for its object the raising of revenue. But this pretence has now been abandoned, and even Mr. Dingley confesses that the predictions of increased income to be derived from the measure, which he made on introducing it, were untrue, while he now searches for excuses to explain the looked-for deficiency of the current year."

Marvelous Results.

From a letter written by Rev. J. G. Underman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

KENTUCKY CROPS.

Conditions the Past Week Were Favorable,
 Report of the Weather Bureau
 on the Outlook.

[For Week Ending August 2nd.]

The general weather conditions of the past week have been favorable to growing crops in all sections of the State. Corn and tobacco were especially benefited by the heavy rains of July 24th and 25th, and are reported improved and growing rapidly. The rains rendered the soil exceedingly fertile. In Ohio and Hancock, Grayson, Breckinridge and Meade and contiguous counties the drouth was not relieved as well as in other counties of the district that had been dry throughout most of June and July. Local showers occurred July 31st and August 1st in scattered parts of the State, mainly in the Central and Eastern sections. Practically no rain fell in the Western section. Drouth, therefore, continues in the section about Ohio and Hancock counties, and farmers are beginning to despair of the prospects of the corn and tobacco crops. Rain in the next several days will relieve the sufferings to a very great extent, but the chances for this are not flattering, and protracted drouth means total ruin in many localities in different parts of the State, but more especially in this district.

The week opened with temperature normal or slightly cooler. By the close of the week the heat had become excessive, especially in the West section, where the thermometer rose to 100 at many points Saturday and Sunday. This extreme heat and sunshine will hasten early corn to maturity, and if favorable showers occur soon the crop will be assured within the next two weeks.

Western Section.—Only a few light showers occurred in this section the past week, yet crops are reported in good condition generally except in the counties adjacent to Ohio, where drouth still prevails. In other parts the beneficial effects of the copious rains which fell at the close of the week preceding are everywhere apparent and farmers are jubilant. Wheat is all threshed, and several of the correspondents compare it with the great crop of 1874. Some plowing has already begun for winter wheat. In some localities early corn is beginning to "roast" in the fields. In Critterden county the corn prospect is excellent, although there is a "green worm" at work cutting off the silk, which delays the ripening of the crop. Corn needs rain in Trigg County. The chinch bugs have almost entirely disappeared. Reports on tobacco are much more encouraging than they were last week. The plants show a steady growth, due to favorable weather and proper cultivation. The general crop continues backward and irregular, and the yield will not equal two-thirds the average. In the dry district it is being topped on account of it running to bloom, but in other parts toppling is not yet begun. In Hopkins County and neighboring districts considerable tobacco in low lands was drowned out by heavy rains on the night of July 25th. It needs rain on hill tops. Except in a few localities the tobacco worm was discontinuing his ravages. A good crop of oats and hay is being laid away. Pastures where rain occurred are excellent. Irish potatoes are a poor crop. Sorghum is a small crop, but growing nicely. Fruits are generally inferior and scarce.

Central Section.—Local showers were well distributed throughout this section Sunday. Where they occurred the farmers are happy. The warm, sunny weather following last week's rain improved crops generally, and these latter rains will cause the rapid growth of corn and tobacco to continue. Wheat threshing is about all done, and a large yield has been saved. Oats and hay are being harvested under existing favorable weather conditions. Oats are better than expected. "Corn is on a boom," growing splendidly everywhere. In some districts the crop is said to be the largest and best in years. It is still behind its usual stage for the season, but promises exceedingly well. As in the Western section the tobacco crop will be a short one. Some reports continue discouraging. The plants are small and can not make much. Final results will prove a disappointment. Generally speaking, however, the crop is improved considerably since last report. Worms have nearly all disappeared. Hemp is variable and below the average. Millet will be a good crop. A small crop of sorghum is in fair shape. Pastures are generally excellent. Fruits are not abundant. Potatoes not much good.

Eastern Section.—Favorable weather conditions continue in this section and the farmers appear to be in a happy mood. Except tobacco, which is a sorry crop, being small, uneven and backward, all crops are in fine condition. Corn is especially good, though rain may soon be required to save the late crop. In some districts early corn has caught up with the season. Wheat threshing is about all done, and "there need be no exaggeration about the yield." A fine crop of oats and hay is harvested. Millet is a good crop, and cutting will

ROYAL

BAKING POWDER
 Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against all kinds of adulteration common to the cheap brands.
 ROYAL BAKING POWDER CO., NEW YORK.

soon begin. Apples are plentiful. Cabbage worms are doing considerable damage. Pastures are good.

To Our Correspondents.—As the next few weeks will determine the character of the corn crop, the Chief of the Weather Bureau requests that correspondents give special attention and furnish estimate in their next report of date when corn will be safe from frost.

G. J. O'CONNOR, Observer, Louisville.

PENSION EXAMINERS.

The Question as to Whether They Are Under Civil Service Protection or Not to Be Settled.

Early last month the members of the local Board of Pension Examiners—Drs. Smoot, Hord and Davis—received notice from the head of the Pension Department that their services would be "dispensed with on and after July 31st."

The appointment of a new board was afterwards announced, composed of Drs. Hunter, Pangburn and Gaines.

The new board met a few days ago, and organized and announced the dates and place of their regular sessions.

Wednesday was the date of their first meeting, but when they requested the old board to turn over the books, blanks, &c., they met with a polite refusal.

The members of the old board claim that pension examiners were placed in the classified service of the Government during the last administration and that they are therefore under the protection of the civil service law and can not be summarily removed by the Pension Commissioner. Some Republicans were very indignant because the old board declined to step down and out. One gentleman who hasn't any liking for civil service remarked that it was "a d—d outrage," and added that if he were one of the new examiners he "would have the U. S. Marshal here before night," and "would have the old board arrested for contempt."

But this rantankerous kicker is not running the Pension Department or any other department of the Government, so the U. S. Marshal was not summoned.

The members of the old board do not wish to cause any unnecessary trouble, but if they are protected by the civil service, they don't intend to step down and out just to please the Pension Commissioner at Washington City.

The new board has appealed to the Pension Commissioner, and the old board to the Civil Service Commission, and the result will be awaited with interest.

At Louisville a similar condition of affairs exists. The old board there makes the same claim as the Maysville board, and refuses to vacate in favor of the new board.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

The members of Father Mathews Total Abstinence Society are requested to meet at their hall this evening at 7:30 o'clock. Election of officers and other business of special importance.

JOHN SMITH, President.

For Sale—Two thousand second-hand grain bags. O. H. P. THOMAS & Co., No. 120 and 122 Market street.

Friday's Cash Sale!

Money's Saved When Spent at Hunt's.

MIRRORS.

What woman can resist the sweetness of her own reflection? We came across some Hand Mirrors the other day. We know Maysville's beautiful women need to more fully appreciate their charms. Beveled edge, fine triple plate, hard wood polished handle and back. Three sizes, 10c. and 12c., worth double. Buy now and have mirrors to break.

HUCK TOWELS.

Grass bleached, nontainted by chemicals, 20x40, pure linen, colored borders, hemmed, 10c. each. Careful housewives and hotel men who use liberal size towels will make the most of this occasion.

D. HUNT & SON.

TEACHERS::WANTED.

Over 4,000 vacancies—several times as many vacancies as members. Must have more members. Several plans: two plans give free registration: one plan GUARANTEES positions. Ten cents pays for book, containing plans and a \$500 love story of college days. No charge to employers for recommending teachers. **REV. DR. O. M. SUTTON, A. M., Pres. and Manager.** SUTTON TEACHERS' BUREAU, 69-71 Dearborn street, Chicago, Ill.

Northwestern vacancies Chicago office, Southern vacancies Louisville office. Our fee registers in both cases.

PERSONAL.

W. H. Fremont is in Cincinnati to-day on business.

—Dr. Landman, the optician, is at the Central Hotel to-day.

—Mr. M. M. Teager, of Flemingsburg, was in town yesterday.

—Mr. and Mrs. John M. Shepard are visiting relatives near Mt. Carmel.

—Messrs. John Finn and S. S. Owens, of Brookville, were here Wednesday on business.

—Editor Hedden, of Mt. Sterling, is attending the meeting of the Baptist Association at Lewisburg.

—Lexington Herald: "Misses Rose and Alice Shelby leave on Friday for Maysville, to visit Miss Pickett."

—Mrs. Jesse C. Ragland and little son Clay, of Lexington, are visiting Mrs. Kate Martin, of East Fifth street.

—Mr. Robert E. Lee, clerk at the Palace Hotel, Cincinnati, came up last evening on a visit to his parents at Lewisburg.

—Miss Agnes Dodson is at Chautauqua, N. Y., where she will spend a few weeks previous to leaving for Wrightsville, Ga.

—Miss Mary Molloy and sister, Miss Marquette, of Germantown, are among the visitors who are enjoying the many pleasures at Long Branch.

—Prof. C. J. Hall, of Covington, formerly Principal of the Maysville High School, was in town Wednesday on his way to Lewisburg to visit friends and attend the Baptist Association meeting.

—Portsmouth Tribune: "Miss Calhoun, of Maysville, Misses Nellie and Beulah Pugh, of Vanceburg, and Miss Wheat, of Wheeling, W. Va., have returned home, after a pleasant visit with Miss Mayme Brown, of Olinere street."

—Miss Nelly Chapin, elder daughter of the Rev. D. D. Chapin, left this morning for California, her native State. Miss Chapin will enter the University of California for a two years course of study. This university is at Berkeley, on the bay, opposite San Francisco, and has about 2,000 students.

BASE BALL.

Maysville Will Have a Strong Team if the Necessary Financial Support is Assured.

If the necessary financial support is guaranteed, Maysville will soon have a strong semi-professional ball team. Here are the players selected: Burke, first base, Maloney second base, McGowan third base, Gilligan short stop, Groves left field, Wadsworth center field, Curtis right field, Dooren or Mathews catcher, Piatt and Lindsley pitchers. Some of these have played in the minor leagues, and all told the club is a strong one.

But the management do not feel like bringing such a team here for a month or two unless the people give assurance of the needed financial support. A strong club would attract crowds here every week.

Mr. Henry Wadsworth is engaged in securing subscriptions to the guarantee fund, and those who feel like helping the move along should respond promptly. The street railway company has responded liberally, having subscribed \$25 a month.

Another plan has been suggested and that is to ask the citizens to subscribe for at least 100 season tickets, good for twenty games, at \$5 a ticket, which would make each game cost the holder of such a ticket 25 cents.

Big premiums, big fair and big crowds of people at Ripley, Ohio, fair, August 24th to 27th, 1897.

ANNOUNCEMENTS.

MUNICIPAL OFFICES.

FOR MAYOR.
 We are authorized to announce DUKE A. RUDY as a candidate for Mayor of the City of Maysville, subject to the will of the people, at the November election, 1897. Your influence respectfully solicited.

ROSENAU BROS., Props.

WIND AND WATER.

The Torrid Spell of Weather Winds Up
With a Big Storm Wednesday
Afternoon.

This section was visited by one of the hardest storms of the season Wednesday afternoon.

The rain fell in torrents, and the water was caught up and driven in blinding sheets by the heavy wind, all accompanied by a vivid electrical display.

The storm came from the northwest, and brought a happy relief from the extreme heat in which humanity had been sweltering.

The wind did some damage to fruit and shade trees, and the growing crops.

At W. B. Mathews & Co.'s saw mill, the wind played some curious pranks. A stave was driven through the mill, passing through the corrugated iron siding as smoothly and easily as could well be imagined. Another small piece of timber was driven through the iron siding, and knocked a piece off a post on the inside.

At the Magnolia Mills the smoke-stack was blown down.

In the Sixth ward, the house occupied by Mrs. William Austin was struck by lightning, knocking off a good deal of the plastering in one room and setting the building on fire. The flames were extinguished before any damage was done. The family escaped without injury. Lightning also struck a small house in the West End belonging to Mr. Allan D. Cole, knocking off the door to the basement. Two trees in the same neighborhood were also struck by lightning.

The rainfall amounted to 1.31 inches. Market street was flooded for a time.

HORSES GO BEGGING.

Fine Blooded Stock Averages Only \$47 a Head.

HOPKINSVILLE, Ky., Aug. 3.—Twenty head of horses belonging to the Elkwood stock farm, situated near this city, and owned by Major S. R. Crumbaugh, were sold to-day at auction and brought \$950. Most of them sold were of the finest running blood. The famous stallion Elkwood, which cost Major Crumbaugh \$5,000 a few years ago, was bought at to-day's sale by Peter Postell, colored, of this city, for \$160. Dunboyne, that cost \$2,500, sold for \$210. The stock sold averaged \$47 per head.

The Chamberlin and Hygela Hotels the most noted of any along the Atlantic Coast offer reduced rate of \$2.50 per day to holders of tickets via the C. and O. popular priced excursion of August 11th.

FIRE INSURANCE.—J. C. Everrett.

TRY the WEEKLY BULLETIN. Only \$1.50 per year.

For a full line of pure drugs call at Ray's Postoffice Drug Store.

DR. SAMUEL has had a concrete pavement put down in front of his residence.

The big fair of 1897 will be held at Ripley, Ohio, August 24th, 25th, 26th and 27th, 1897.

EDWARD FAGAN died this week at his home at Chatham, Bracken County, aged eighty-four years.

LIFE insurance policies bought and sold by T. J. Willison, 47 Blymyer Building, Cincinnati, Ohio.

MR. JACOB WORMALL, the contractor and builder, is confined to his home with an attack of neuralgia.

MR. O. H. P. THOMAS is having a concrete pavement put down in front of his residence on West Third street.

Called meeting of Friendship Rebekah Lodge No. 43, Friday evening, August 6, at 7:30 o'clock. All members requested to be present.

A CARRIER pigeon was caught at Flemingburg some time ago with an aluminum band around its leg and the inscription "O. K. 12-96" on one wing.

Does it ever pay to buy any cheap stuff in the jewelry line? You know it doesn't. Ballenger carries no "trashy" jewelry. His stock is the best to be had. Goods warranted.

JOE W. PRIGG, son of W. W. Prigg, of Richmond, and for a time express messenger on the Kentucky Central between Maysville and Richmond, died this week, aged thirty-five years.

EDITOR KELLER, of Carlisle, who for the past ten years, barring the last session, has held down one of the Legislative clerkships, will be a candidate for Assistant Clerk of the next House.

RIPLY Bee: "The Rebekah Lodge of this place will entertain the lodges of Maysville, Higginsport and Georgetown, on Thursday evening, August 12th. There will also be two initiations. Those who attend may look for a grand time."

When you see Murphy, the jeweler's stock of "diamonds" and "gold watches," you will be convinced that he carries the "largest" stock. When you learn his prices you will be convinced that his prices are "lower". He never "misrepresents goods." All are "warranted."

SECRETARY KING of the Newport Y. M. C. A., well known here, leaves to-day for Attleboro, Mass., where, during the coming week, he will wed Miss Fannie Leach. He and his bride will return to Newport about September 1, when Mr. King will enter upon his studies for the ministry at Lane Seminary, Cincinnati.

WEDDED AT LOUISVILLE.

Marriage of Miss Alice Bullock to Mr. H. C. Winston, July 29th.

Miss Alice Bullock and Mr. H. C. Winston were married at Louisville Thursday, July 29th, Rev. W. L. Pickard officiating.

The bride is a daughter of Elder J. W. Bullock, and a sister of Mrs. William Wells of this city. The bride was attended by her little niece, Miss Nannie Wells.

The Louisville Times says: "Both Miss Bullock and Mr. Winston are exceedingly popular and carry with them the congratulations of a host of friends."

At Lexington Wednesday George E. Roberts accidentally shot and killed his sister-in-law, Miss Carrie Peters, aged sixteen. Roberts was cleaning a pistol.

We Must Make Room.

In anticipation of a big Fall trade and realizing that goods pertaining to our lines will advance (a great many have already) we bought early and largely. We are already beginning to receive shipments; moreover,

IT WILL NOT BE LONG BEFORE OUR GREAT LINE OF MEN'S SHOES WILL COME IN

so you see we must make room. Now if you will look in our windows and see the line of Suits we are offering at \$10 you will assist us in making room. All of our fancy Cheviot Suits in checks, plaids and stripes—Suits that we sold at \$18, \$16.50 and \$15—go in this sale. No house in the State ever did or ever will offer a line of Suits like these for the price,

\$10

It is the greatest sacrifice sale we ever made, but as our patrons will be benefitted and it secures us room and money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on more medium grades, but the entire stock will be sold at proportionate prices. Please bear this in mind:

NO SUIT WILL BE SENT OUT ON APPROVAL AND NO SUIT WILL BE CHARGED—ONLY CASH WILL BUY THE GOODS DURING THIS GREAT SALE.

Money, however, will be cheerfully returned if goods don't suit upon home examination.

LANE-SHEPARD.

A Happy Wedding Solemnized Last Evening At the Home of the Bride.

Sealed by the sacred ceremony spoken by God's appointed minister,—two hearts bound by the golden chain of love.

At 8:30 o'clock last evening, Mr. Robert Lane and Miss Lizzie Shepard were happily wedded at the home of the bride, Rev. F. W. Harrop officiating.

The attractive bride is a daughter of Mr. and Mrs. William Shepard and is gifted with qualities of mind and heart that win the love and esteem of all who know her.

The groom is a merchant tailor by calling and is at present proprietor of an establishment at Owingsville, where he is fast gaining a lucrative trade.

The presents were many and very pretty.

A delicious lunch was served immediately after the ceremony, and after hearty good wishes and sincere congratulations the guests departed.

For sale by THOMAS J. CHENOWETH, Druggist.

THEY DON'T LIKE IT.

A Hungry Maysville Republican Wants the Civil Service Law Abolished.

LEXINGTON, Ky., August 3.—The Leader to-night predicts that the coming Republican convention will have strong anti-civil service resolutions.

It publishes a part of a private letter from a Maysville Republican, well known in State politics, which shows strongly the drift of party opinion in Kentucky in civil service. After denouncing Cleveland's eleventh hour civil service order, it continues as follows:

"There is strong talk in this county of organizing an anti-civil service league, the fundamental principle of which will be a pledge to vote for no party that will not declare in its platform against the present civil service law. This spirit is going to cut a big figure in our November election unless the coming Republican State convention takes strong ground against the civil service rules as now administered. The Republicans to whom we must look for the work of party organization say there is no use giving time to the party if Democrats who have always fought them are to continue to hold the offices."

This Maysville Republican ought to get in line with his party and President McKinley on this subject.

Park Theatre.

Only a fair crowd was in attendance last evening, the inclement weather keeping a great many away who otherwise would have attended. The performance was, if anything, above the standard of even the excellent performances that Manager Fremont's company have been giving at this popular resort. Lew Secker made a tremendous hit in his unique single specialties, and scored well in conjunction with his clever little wife Ada Wilkes in his laughable German sketch. Russell and Paul were warm favorites and sustained the excellent reputation they have made for themselves here. Felice was captivating as ever, and proved her popularity by the number of encores to which she was obliged to respond. Everything will be in good shape to-night, and the performance, on the whole, one well worth seeing.

To Boston By Sea.

Merchants and Miners steam ships leave Norfolk, Va., on Tuesdays, Thursdays and Saturdays for Boston via Providence and on Mondays, Wednesdays and Fridays for Boston direct; forty-two hours on the ocean. For excursion rates apply to agents Big Four and C. and O. railways, or address W. P. Turner, G. P. A., Baltimore, Md.

"MOTHERS' FRIEND"

Shortens labor, lessens pain, diminishes danger to life of both mother and child and leaves her in condition more favorable to speedy recovery. "Stronger after than before confinement" says a prominent midwife. Is the best remedy

FOR RISING BREAST

Known and worth the price for that alone. Endorsed and recommended by midwives and all ladies who have used it. Beware of substitutes and imitations.

Makes Child-Birth Easy.

Sent by Express or mail on receipt of price, \$1.00 per bottle. Book "TO MOTHERS," mailed free, containing voluntary testimonials. **BRADFIELD REGULATOR CO., ATLANTA, GA.** SOLD BY ALL DRUGGISTS.

EXPLOSION OF NAPHTHA.

Four Firemen Fatally Injured and a Dozen Others Baily Hurt.

PHILADELPHIA, Aug. 5.—An explosion of naphtha in the chemical works of the Barrett Manufacturing company at Bermuda and Tucker streets, Frankford, caused a fearful disaster shortly before noon yesterday. Four employees were probably fatally burned and a large number of firemen terribly burned by the blazing naphtha, which was scattered far and wide by the series of explosions which followed the first.

The fatally injured are: Robert Getty of 2567 Hodge street. John Garnick of 4276 Edmunds street. Assistant Engineer William McDade. Daniel Cooke, acting assistant engineer and foreman of engine No. 29. The other injured firemen are: Fred Henshaw, Samuel White, Aaron Knight, James Neverling, John Duffield, Charles Miller, James Ridgeway, John Murr, Thomas Adaire, Jacob Lennox and Charles F. Norris.

All of the injured men were sent to the Episcopal hospital. The blazing naphtha fairly rained down upon them while they were fighting the fire.

Getty and Garnick were at work in a mixing-room at an agitator which contained about 60 gallons of naphtha when the first explosion occurred. In some way the fumes of the naphtha arising from the agitator became ignited and there was a terrific explosion.

Somehow, blinded as the men were, they escaped instant death and staggered or were pulled by their comrades out of the fire. Then there was tumult and a mad scramble for safety. In the building, which was beginning to be a veritable fiery furnace, were 181 tanks of naphtha, each containing 60 gallons. Then came explosion after explosion, as the tanks of naphtha blew up. The burning fluid was scattered over the firemen. The establishment was practically destroyed.

Umpire Hurst Arrested.

CINCINNATI, Aug. 5.—The Reds and Pittsburgs played two games here yesterday. In the second inning of the second game Hurst had given the Reds the worst of a decision and an irate rooster rolled a beer glass into the diamond. Umpire Hurst picked up the glass and threw it into rooster's row and hit John Cartuyveles over the right eye, inflicting a serious wound. A patrol wagon was immediately called and Hurst was arrested, charged with assault and battery.

BASE BALL.

Standing of the Different Clubs in the National League.

The following is the standing of the clubs in the National League:

	Won.	Lost.	Per ct.
Boston	58	26	.690
Baltimore	53	27	.663
Cincinnati	53	28	.654

River News.

There are 7,000,000 bushels of coal afloat at Pittsburgh.

Stanley for Pomeroy and Keystone State for Pittsburg to-night. Sherley down.

The Queen City made her fastest up stream run the last trip. She left Cincinnati at 5:15 Saturday and arrived in Pittsburg Tuesday evening early.

Captain George W. Edgington will at once build at Higginsport a new boat to replace the burned Silver Wave. It will be 135 feet long, twenty-eight feet beam and four foot hold.

Captain J. T. Campbell, of the Bonanza, makes complaint against the pilot of the Queen City, alleging that the latter's suction drew the Bonanza to the Queen City and the head of the former touched the latter forward of the engine room door. The Queen City blew a distress whistle and the Bonanza stopped. The complaint grows out of the rivalry of the two packets.

Grand Seashore Excursion to Old Point Comfort.

The most attractive of all excursions announced by the C. and O. route for regular trains leaving Wednesday, August 11th, is to Old Point Comfort and return. The scenery of the Chesapeake and Ohio is noted for its variety and beauty. The route is replete with points of historic interest and excursion tickets will be good for stop over at Hot Springs, Va., White Sulphur Springs, W. Va., Richmond, Va., and numerous mountain resorts. Twelve dollars round trip from Maysville. Tickets good fifteen days.

Philadelphia and Return \$15.50.

On account of the national meeting of the League of American Wheelmen at Philadelphia, August 4th to 7th, the C. and O. will sell round trip tickets, Maysville to Philadelphia, at one fare \$15.50. Tickets on sale August 2nd, 3rd and 4th. Limit of tickets August 9th.

THE GRAIN MARKET.

Chicago.

Chicago, Aug. 4.—Chicago's market experienced another good advance this morning. Liverpool cables denoted a steady opening, but a strong closing, with prices 1½c. higher.

This continued firmness abroad only emphasizes wheat's possibilities. If by any chance America's supply should now suffer curtailment an almost unheard of paucity of high prices would result. In the last two days Europe and the United Kingdom took over 1,500,000 bushels of wheat for August and September shipment, and about 1,000,000 more bushels of spot and cash wheat. All this was taken on an advancing market, with Liverpool leading the advance.

The advance abroad continues, and, judging from the readiness with which the enormous receipts abroad are absorbed, prices still have a good road to go. The farmers who hearkened to the advice to hold wheat now have a handsome bonus for their discretion. As is not always the case, cash markets have kept pace of the advance in speculation.

In the pit September opened up ½ cent higher at 77½c. Light trading promptly put the price up to 78 cents.

Corn was strong to-day. There were stories of crop damage. The corn crop is hardly in a position to stand damage, as it is none too big. Conservative advice indicate that the stories of "lateness" early in the season were not exaggerated. Corn, as a marketable product, is in a strong position.

St. Louis.
